

# POLYBRITE® REINFORCING COTTON

## ASPHALT SATURATED COTTON

### PRODUCT DESCRIPTION

PolyBrite Reinforcing Cotton is a standard grade asphalt saturated fabric designed for use in reinforcing seam mastics. Cotton is light weight, durable loomed membrane thoroughly saturated with selected asphalts. It provides a firm mechanical bond between the mastic, ensuring a long life for the application. Excellent repair fabric for both new and old construction in roofing and waterproofing applications.

### FEATURES AND BENEFITS

PolyBrite Reinforcing Cotton is available in standard slit widths of 4", 6" and 12" by 150 linear feet long rolls. One product fits most repairs. PolyBrite Reinforcing Cotton is firm and strong. It is extremely flexible and durable. For other application questions, please contact Polyglass Technical Services at (866) 794-9659.
