SPARC™

The Next Spec Gen

SPARC™

Welcome to the Next Generation of
spec building and submittal package creation!

SPARC™, the revolutionary state-of-the-art roofing system configurator will eclipse anything you have seen before in the Commercial Roofing arena.

With SPARC™, you will be able to create, customize and send specs and submittal packages to Polyglass contractors in less than 10 minutes!

Not all Polyglass products come in a roll or bucket. We listened to the contractor and specifier community and identified a need, built on that idea and took it to a whole other level. SPARC™ is easily one of the most powerful tools Polyglass has developed for you.

What can SPARC do for you?
- In a few minutes create a long Specification
- Quickly have a signed system letter available
- A full Submittal Package at your fingertips
- Need a substitution request? Done
- Enter the information once, and all of the above is immediately available to you

All of this is done without the concern of building a roof system that Polyglass wouldn't warranty. The real magic behind SPARC™ is the logic that we built into the program.

## We cannot wait for you to experience the power of SPARC

Fully Automated Submittal Package and Spec Generator

Alleviate the extensive workload of putting together a submittal package.

Users will have the opportunity to create a customized submittal package, presented in a very professional format to be used as an additional selling tool.

The extremely intuitive user experience will simplify a complicated and time-consuming process by offering the ability to select, combine and add any of the different documents listed below as the project evolves.

- Long form specification
  - 3-part CSI format
- System letter
  - Without Code approval listings
  - With Code approval listings*
- PDSs and SDSs
- Customized details drawings
  - Standard detail drawings indicating products selected
- Warranty samples
- Substitution request form
- 3D rendering of each section of the roof assembly

This platform will become YOUR one-stop-shop for all Commercial Roofing project's needs, from creating a guided roof system assembly, to submit a request for warranty once the project is awarded.

*Requires input from Polyglass Specification writer (available within 48 hours)

SPARC™

This revolutionary
state-of-the-art roof system
configurator will eclipse
anything you have
seen before in the
Commercial Roofing
arena.
